

We currently listen to K-LOVE radio on 100.1 which uses the FM translator service. It is a wonderful station that serves so many of us in this community. It is the only station our family listens to. This radio station is a great service to the public since it is one of the few stations that families can listen to without fear of being offended. It would be a great loss to the community if it were to be displaced by an LPFM broadcaster that provided other programming. Please do not allow LPFM stations to take priority over the current FM translator service. Thank you, Linda Sattler
